New 5.75% Convertible Senior Subordinated Exchange Notes due 2021

MannKind entered into an exchange agreement with the holders of its outstanding 5.75% Convertible Senior Subordinated Exchange Notes due 2018 (the "2018 notes"), pursuant to which the Company agreed to issue to such holders in exchange for all of the outstanding 2018 notes (i) \$23,670,000 aggregate principal amount of new 5.75% Convertible Senior Subordinated Exchange Notes due 2021 (the "2021 notes") and (ii) an aggregate of 973,236 shares of its common stock, par value \$0.01 per share (the "Exchange Shares").

The 2021 notes will be the Company's general, unsecured, senior obligations, except that the 2021 notes will be subordinated in right of payment to the outstanding notes issued pursuant to the Company's Facility Agreement, dated July 1, 2013, as amended (the "Facility Agreement"), with Deerfield Private Design Fund II, L.P. and Deerfield Private Design International II, L.P. (collectively "Deerfield"). The 2021 notes will rank equally in right of payment with the Company's other unsecured senior debt. The 2021 notes will bear interest at the rate of 5.75% per year on the principal amount, payable semiannually in arrears in cash or, at the option of the Company if certain conditions are met, in shares of the Company's common stock (the "Interest Shares"), on February 15 and August 15 of each year, beginning February 15, 2018, with interest accruing from August 15, 2017. The 2021 notes will mature on October 23, 2021.

The 2021 notes will be convertible, at the option of the holder, at any time on or prior to the close of business on the business day immediately preceding the stated maturity date, into shares of the Company's common stock at a conversion rate of 194.1748 shares per \$1,000 principal amount of 2021 notes, which is equal to a conversion price of approximately \$5.15 per share. The conversion rate will be subject to adjustment under certain customary circumstances to be described in an indenture governing the 2021 notes (the "Indenture").

The Company may elect at its option to cause all or any portion of the 2021 Notes to be mandatorily converted in whole or in part at any time prior to the close of business on the business day immediately preceding the maturity date, if the last reported sale price of its common stock equals or exceeds 120% of the conversion price then in effect for at least 10 trading days in any 20 trading day period, ending within five business days prior to the date of the mandatory conversion notice.

Fourth Amendment to Facility Agreement with Deerfield

MannKind also entered into an exchange and fourth amendment to the Facility Agreement, pursuant to which \$10.0 million in principal previously due on October 31, 2017 under the 9.75% Senior Convertible Notes will be deferred to January 15, 2018 (the "October Payment"), conditioned upon, among other things, MannKind depositing \$10.0 million with an escrow agent, which is subject to reduction as the October Payment is satisfied through conversions to equity.

Specifically, the Facility Agreement was amended and restated to provide that Deerfield may convert principal due from time to time into an aggregate of up to 4,000,000 shares of MannKind's common stock. The conversion price will be the greater of (i) the average of the volume weighted average price per share of the common stock for the three trading day period immediately preceding the date of any election by Deerfield to convert principal amounts and (ii) \$3.25 per share, subject to adjustment under certain circumstances described in the notes. Any conversions of principal by Deerfield under the Facility Agreement will be applied first to reduce the October Payment, and after the October Payment has been satisfied, to reduce other principal payments due under the notes.
